Notes

The following stations are from the Government Survey: SALT LAKE.

Res. No. 6, 4th R.

The blue dotted line indicates approximately the boundary line on either side as awarded by the Commission in 1889.

The Magnetic Declination varies from 2° 12' E., to 2° 13' W.

The town of Koalale and longitude are as located by the survey of 1873.

My an old map by Dr. Bishop the fishing right does not seem to have extended outside of the area shown.

M. J. Lyman, Surveyor.
Jan. 29, 1876.

AIEA

EWA, OAHU.

DESCRIPTION: From the mouth east of the cliff wall that separates the fish points known as Kahaluu-Palakai and Kaione run N 7° 54' E., 3090 feet to the point marked X on the chart, with point X being marked by the house shown marked respectively, A, A 1/2, the latter 300 yards to the south, and from said point X, the Government Survey point on Salt Lake Hill, running S 7° 44' W., three 300 yards to a point called "Aiea Hill," and running thence along X...
