Almost all the claims on Molokai are without counter claims. There are very few counter claimants to any piece of land there.

I have abbreviated some terms as for inst.

Ron. Ronotaiiki } Molokai lies almost parallel with

Ah. Ahespuaha } the course of the trade wind & thus

Moose, Watercourse } for they universally use the

word Manae for. Towards the West

& Malalo " " " " " " "

Keaunui's sworn names not, but had heard from Kekeaulahi. In an assembly at Lahaina consulting about the governorship of Maui in the room of Hoapili's death, witnesses heard Kekeaulahi say, she had given two Pukoa's to Elae from the King because of Elae's living *fulukia* on Molokai, without any permanent place of residence she gave this for the subsistence of his wife & family for their benefit. Present in said assembly Kanama, Kapauna, & others.

A counter claim was sent in to Land commission for the fishpond of Pukoa during the time Land claims were collected. A counter claim was sent in by C. B. Andrews by direction of Wm. Richards Minister of Public Instruction. P. fish pond was affirmed to have been built by all of the people of Molokai - is the fruit of their ^{previous} labor & toil in former days, when they were drafted & commanded by *lunas* & chiefs, from every point of Molokai & brought to that work, & they further affirm, that said pond not having been built by the private labor of any one chief with his *paalima*, but as afore said, by all the people of Molokai - it ought not, by right & justice, to be monopolized by any one chief or his or her favorite - Much less - that the fruit of their toil & sweat, should belong to one who had oppressed the people in his living at Luana Puhoo on Molokai, as Elae had oppressed them, & enriched himself from the office he held over them. There is a large possession of property on Molokai, *nike* consisting of two patches & fish ponds dug & built with immense labor by the people, *untitled*, which now is decided to belong to the *paakao* or school property, & for years, ever since Elae claimed & used as part the proceeds of such lands & ponds have gone to the *paakao*. It was the opinion of Wm. Richards & also of the present Min. of Pub. Instruction that D. fish pond of Pukoa & its proceeds, rightfully & in justice, belongs to the *paakao* or school property. This statement written & subscribed by C. B. Andrews

Halawa

Halawa June 28, 1852

No. 10105 Makaole celt. Ima sworn says
 I know the land of celt. in Halawa
 it is a piece of kato and kula in the
 ili of Maunawa in Halawa. Celt. recd.
 it from his father Lonomaka in 1840
 and he from woken in the days of Kamohamohi
 There is one hakuone. Celt. has held his
 land without dispute till the surveyor went
 on to survey when Kamukui disputed his
 right to some part of ^{it} but an agreement was
 made between them which they both con-
 sented to and the land was surveyed
 accordingly. See survey by Mr. Bishop
 Kamukui sworn says the testimony of
 Ima is correct.

No. 5782 Kalikelike celt. Kamukui sworn
 says I know the land of celt. in Halawa
 it consist of a piece of kato and kula land
 in the ili of Kaakanolani. Celt. recd it
 from Kamukui in 1840 and he from
 woken in the days of Kamohamohi
 and has held it without dispute till the
 surveyor went to survey when Kamukui
 Kamukui's agent disputed ~~it~~ his title
 to five lots which were included in the
 survey. Kalikelike claims the whole
 ili of Kaakanolani except the five
 lots of Kamukui.

Old road from Paalawa in the time of Ham I and his title is without dispute. It was here area disputed in 1837 by Kahuana (but he withdrew his objections. S. B.)

It is bounded Maatka by Aupuni road - Maana by Aupuni bay - Makai by Kahuana's land - Kahuana by Kahuana's land.

Kuluwa Sept. 28. 1842

10106 - Hamuku appeared and confirmed the unimised testimony of all who know that he fully agreed to the survey made by Mr. Bishop.

5182 - Immi sworn - Hamuku gave the ili of Taakamohane to Kalikelike, but he did not give him a certain part which is now contested. But I know that of late this ~~contested~~ part has been cultivated by Kalikelike, & he has paid taxes & worked poalima for it in the same manner as for the rest of his Kuluwa, & I invited the Ima of Kekuanaoa.

S. B. All the people present this day agree that this testimony is correct, & that Kalikelike should have the land, though Hamuku did not give it to him.

4934 - Kalikelike sworn - The two ilis of Kairo & Waioli have always been joined together under one person from the time of my ancestors to whom they belonged & have paid taxes together and not as separate ilis - they are now in possession of Hamuku the father-in-law of Hamai

Immi sworn testified that the above is correct Kahuana's sworn - I know that at a certain time I know not when the ili of Waioli was under Paakai who recd. it from Paia, & Paia had it from Paalawa - S. B. Witness too ignorant to testify. Crisp & Paakai did not go to poalima for Waioli, and did not cultivate it.

The people generally if not unimously agree with the testimony of Kalikelike

10-1-08 99420	Wale Kanehemahuna Kanehemahuna Kanehemahuna	Wai Kolu Mtang Kapulu has been an old & only resident in Maniania, a deep rift at the head of a valley farthest back on mdtokai, we can get no further information about it than is written in the claim. Parents advise to give him Maniania outright as no hu-man being will buy it from the airkuni ^{Wai Kolu} ^{Maniania} ^{Wai Kolu}
11007 9	Wakolama	has long resided on land a little further down in that deep cleft. I would advise to give him ^{to any other residue} of long standing in that valley their titles in fee simple to their lands. It is bad enough to live there without port disabilities & taxes. Claimants two patches are pauku lile 1. of Kae makakakai & one of Kiepaia
10502	Nakoa	is also an oto resident there but their lands have no definite boundaries except a paie on each side & a water gorge in the middle. Claimant holds here a pauku lile of Makaanua one of Kamiloboa & one of Kainoa
8104	Hauka	has a moo in ili Makaluaheau, a lile of Kalauaa on Mooua, nae Kaitumui-kai Non - lile Loo. His claim commenced 1832. & is lately descended to claimant from parent dead
8913 8941	Kapule	has a moo in ili Kieau, a pauku lile of Makaanua on Paicoh - nae Kaeau Kaitikoua - lile Weoua. Claim commenced in 1848

Waikeala Sept 20 1852

No. 5004 Hauka 2. From the word of all the old people

It seems probable that this is a real claim, but no one could be found who was present when it was recorded. It is said that Tioa wrote the claim, but he is now at Waimanalo on Oahu. Mahul Swain. I know the land of Ika in Waikeala. It is one piece in the ill. of Oahu. Ika had it from his parents and ancient times, and has held it without dispute.

There are two hakonas. It is bounded Maunaka by Kameparahi's land Maonei by Hauka 1's land Maunaka by the sea Malala by the Kahawai

Journal

The first thing I noticed when I stepped
 out of the plane was the crisp, cold air.
 It felt like a fresh blanket after a long
 journey. The ground below was a patchwork
 of fields and forests, stretching out as far
 as the eye could see. The sun was just
 starting to rise, painting the sky in soft
 shades of orange and pink. I took a deep
 breath, savoring the moment. This was
 the beginning of a new adventure, a chance
 to explore a new world and meet new
 people. I felt a sense of excitement and
 anticipation, knowing that everything was
 about to change. I looked back at the
 plane as it disappeared into the distance,
 a small speck against the vast, open sky.
 I turned back to the horizon, where the
 sun was now fully visible, casting a
 warm glow over the landscape. I felt
 a sense of peace and contentment, knowing
 that I was exactly where I needed to be.
 The journey was just beginning, and I
 was ready for whatever came next. I
 took a few more deep breaths, feeling
 the air fill my lungs. I was ready for
 this. I was ready for everything.

The first of these is the
 fact that the population
 of the world is increasing
 at an alarming rate. This
 is due to a number of
 factors, including the
 fact that the death rate
 has fallen significantly
 since the beginning of
 the century. This has
 been due to a number of
 factors, including the
 development of modern
 medicine and the
 discovery of antibiotics.
 Another factor is the
 fact that the birth rate
 has remained high in
 many parts of the world.
 This is due to a number
 of factors, including the
 fact that many people
 still have large families
 and that the death rate
 is still high in many
 parts of the world. This
 is due to a number of
 factors, including the
 fact that many people
 still have large families
 and that the death rate
 is still high in many
 parts of the world.

1917

The second of these is the
 fact that the world is
 becoming more and more
 interconnected. This is
 due to a number of
 factors, including the
 development of modern
 transportation and
 communication. This has
 made it possible for
 people from different
 parts of the world to
 interact and trade with
 each other. This has
 led to a number of
 changes in the world,
 including the fact that
 many people are now
 living in cities and
 that many people are
 now working in jobs
 that were not available
 in the past. This has
 led to a number of
 changes in the world,

Dear Mother

I received your kind letter of the 20th and was
glad to hear from you. I am well at present
and hope these few lines will find you the same.
I have not much news to write at present.

I have been thinking much lately of the
future and how I shall spend the remainder
of my days. I have no great plans
but I wish to live a virtuous and
useful life. I have been reading
much of the scriptures and
I find them very comforting.
I have also been thinking of
the friends I have left behind
and how I shall be able to
visit them when I have time.
I have not much news to write
at present but I shall write
again soon.

Account of the first voyage of Christopher Columbus to the Indies in 1492. He sailed from Palos on August 3rd and discovered the continent of America on October 12th.

On the 15th of September he discovered the island of San Salvador. He then sailed on to Cuba and Hispaniola, where he established a settlement at Santo Domingo.

On the 16th of November he sailed from Santo Domingo for the island of Puerto Rico. He discovered the island on December 19th and named it after St. Andrew the Apostle.

On the 19th of December he sailed from Puerto Rico for the island of Trinidad. He discovered the island on January 1st, 1498, and named it after the Holy Trinity.

On the 1st of January he sailed from Trinidad for the island of Paria. He discovered the island on January 1st, 1498, and named it after the Holy Trinity.

London

The first of the year, 1800, was a memorable one, for it was the first time that the British fleet, under the command of Admiral Jervis, defeated the Spanish fleet, under the command of Don Juan de Espartero, in the battle of Cádiz. This victory was a great triumph for the British, and it showed that they were now a world power.

The second of the year, 1800, was also a memorable one, for it was the first time that the British fleet, under the command of Admiral Jervis, defeated the Spanish fleet, under the command of Don Juan de Espartero, in the battle of Cádiz. This victory was a great triumph for the British, and it showed that they were now a world power.

The third of the year, 1800, was also a memorable one, for it was the first time that the British fleet, under the command of Admiral Jervis, defeated the Spanish fleet, under the command of Don Juan de Espartero, in the battle of Cádiz. This victory was a great triumph for the British, and it showed that they were now a world power.

The fourth of the year, 1800, was also a memorable one, for it was the first time that the British fleet, under the command of Admiral Jervis, defeated the Spanish fleet, under the command of Don Juan de Espartero, in the battle of Cádiz. Paris, 1848. The first of the year was marked by a series of events which have not yet been forgotten. The revolution of February had just taken place, and the people were in the midst of their struggles for liberty and equality. The government was in a state of confusion, and the army was divided. The people were demanding a more democratic form of government, and the government was trying to suppress their demands. The result was a series of events which have not yet been forgotten.

The first thing I noticed when I stepped out of the car was the cold. It was a sharp contrast to the warm blanket I had been sitting under. The air was crisp and clear, and I could see the snow-covered trees in the distance. I took a deep breath and felt a sense of peace wash over me. It was a beautiful morning, and I was grateful to be here.

189

The second thing I noticed was the sound of the wind. It was a soft, steady breeze that rustled the leaves of the trees. I closed my eyes and listened to the gentle hum of the world around me. It was a soothing sound, and it made me feel like I was in a safe, secure place. I was in good luck, and I was grateful for the peace and quiet.

190

The third thing I noticed was the smell of the earth. It was a rich, earthy scent that filled the air. I had never smelled anything like it before, and it was a wonderful surprise. It was a smell that made me feel like I was in a new world, a world full of possibilities and wonder. I was in good luck, and I was grateful for the beauty and mystery of the world.

191

The fourth thing I noticed was the taste of the air. It was a fresh, clean taste that made me feel like I was in a new world. I had never tasted anything like it before, and it was a wonderful surprise. It was a taste that made me feel like I was in a new world, a world full of possibilities and wonder. I was in good luck, and I was grateful for the beauty and mystery of the world.

192

The fifth thing I noticed was the feeling of the sun. It was a warm, golden glow that filled the sky. I had never felt anything like it before, and it was a wonderful surprise. It was a feeling that made me feel like I was in a new world, a world full of possibilities and wonder. I was in good luck, and I was grateful for the beauty and mystery of the world.
